Updating to Version 7.0

This guide is for Partek Genomics Suite version 6.6 users with node-locked licenses.

Before following the steps shown in the videos below, please:

- Download the Partek Genomics Suite version 7.0 installation file from here.
- Download the Partek Genomics Suite version 7.0 license file you received from our licensing team and save it to your desktop. If you do not have a Partek Genomics Suite 7.0 license file, please contact licensing@partek.com.

Installation on Windows 10 is shown, but the process will be similar for older versions of Windows and on Mac.

Installing Partek Genomics Suite version 7.0

Your browser does not support the HTML5 video element

Adding a license file

Your browser does not support the HTML5 video element

After installing and adding your license file, you can delete the installation file and license file from your desktop; a copy of your license file is saved to your license file folder (*C:\Program Files\Partek Genomics Suite 7.0\license* by default on Windows) after it has been added using the license manager.

Additional Assistance

If you need additional assistance, please visit our support page to submit a help ticket or find phone numbers for regional support.
