Client Computer Connection to License Server

This guide is specific to the client computer connection instructions to a floating concurrent Partek Genomics Suite license server.

Download Partek Genomics Suite

With **administrative privileges**, download the latest version of Partek Genomics Suite.

Run the Partek Genomics Suite Application

Once the download is completed, start the application by clicking on the **Partek Genomics Suite** icon. The default Partek License Manager window will appear. You will be prompted to provide a license (figure 1).

1. Select **Add License**.
2. Select the **License server** radio button.
3. Enter the **Server Name** and select **Add**.

- You will need to obtain the server name from your license server administrator.
