Run the Partek Genomics Suite Application

Once the download is completed, start the application by double clicking on the **Partek Genomics Suite** application icon located on your desktop. The default Partek License Manager window will appear. You will be prompted to provide a license file.

1. **Save** the license.dat (or license.lic) file that you received from the Patek Licensing department to your desktop.

- If you do not have license, please contact your account representative or request a trial.
2. Select **Add License** (Figure 2).

7. **Exit** the Partek License Manager and Partek Genomics Suite will automatically start.

Once the software has been installed and the license has been added, you may delete the license.dat (or license.lic) file from your desktop (if you prefer, this is not required); a copy of your license file is saved to your license file folder (C:\Program Files\Partek Genomics Suite 7.0\license folder) after it has been added using the Partek License Manager.
