My Profile

Profile options are controlled via the Personal Settings section of the Settings page (Figure 1).

The display name, e-mail address and password can be changed by selecting the **Edit details** button and then providing new information (Figure 3). Note that you may not have permission to change some of these details if restricted by your IT administrator. Consult with your IT department regarding this configuration.

Figure 9. Editing user details

When changing a password (or creating a new one) the length of the password is evaluated and will be classified as either Too weak, Good, or Strong (Figure 4). Passwords that are deemed too weak will not be accepted.

Figure 10. Password is evaluated upon creation

To change your avatar, select the **Change image** button. You can select from one of the available avatars (Figure 5), or you can upload a custom avatar. Acceptable file formats are .png, .gif, .jpg., and .jpeg.
